

# GENERAL RULES

**Junior Show Entry Deadline: December 1, 2016**

**Open Show Entry Deadline: December 15, 2016**

The San Antonio Stock Show & Rodeo is committed to the humane treatment of all animals exhibited. Every reasonable precaution is taken to promote the animals' safety and well-being. The production practices in the livestock industry are based on good principles of animal husbandry. No one has a greater economic stake in the welfare of animals than the livestock producers and organizations involved in the promotion of agriculture.

## **Civil Authority Evacuation**

The San Antonio Stock Show & Rodeo, along with all other large venue and public gathering places and events around the country, has been advised by Federal, State, and Local Authorities that an emergency evacuation of the premises may be ordered by any of those authorities at any time. This decision would be driven by information available to those authorities that (1) may not be available to the San Antonio Stock Show & Rodeo, or classified by the authorities, and therefore the San Antonio Stock Show & Rodeo could not share it with our exhibitors; (2) could arise out of an actual or threatened act of terrorism; (3) or arise from any number of other public safety concerns the authorities have for the safety of the public at our show.

If an evacuation order occurs, you will be asked to leave the premises immediately. Your cooperation is not only required by law but for your own safety and the safety of other members of the public at the show. San Antonio Police Department (SAPD) and San Antonio Stock Show & Rodeo uniformed Police Officers will direct the evacuation. We are further advised that any evacuation will be for persons only and no other property, animals, trailers or anything but your immediate means of transportation will be allowed off the premises. This is for the purpose of achieving the most timely and efficient clearing of the public from the threatened area. Do not attempt to load personal property, merchandise, animals, or anything but yourself and your family and friends into your vehicle and leave the premises immediately.

The evacuation plan calls for certain, designated Law Enforcement personnel, San Antonio Stock Show & Rodeo management, and maintenance personnel to remain on the show grounds to secure the premises.

In the unfortunate event this occurs, the San Antonio Stock Show & Rodeo will do everything possible to care for personal property, animals, commercial exhibitors merchandise, etc. until the authorities remove the evacuation order and you are allowed back onto the show grounds. No one will be allowed back on to the grounds until the authorities issue that order. San Antonio Stock Show & Rodeo Security and SAPD will enforce the order strictly and in accordance with instructions from the authorities.

**Your entry and participation in the 2017 San Antonio Stock Show & Rodeo is conditioned on your understanding and agreement that none of the San Antonio Livestock Exposition, Inc. ("S.A.L.E."); Bexar County, Texas ("County"); Bexar County Community Arenas Board ("CAB"); Community Arena Management ("CAM"); San Antonio Spurs, LLC ("Spurs"), or their respective Directors, Officers or Employees shall have any liability whatsoever for any loss, damage, destruction or personal injury to any exhibitors or patrons or their personal property, merchandise or animals during or after such an event, particularly with respect to an evacuation of the premises in the event of an emergency.**

**Important Definitions:**

Any protest not officially filed within 24 hours of the alleged incident will not be considered. These cases are referred to the Executive Director & CEO, who will have full power to act, and from whose decision there can be no appeal. Judging procedures will not be interrupted for protest investigation.

**14. Barred Exhibitors:** The San Antonio Stock Show & Rodeo, in cooperation with member shows of the North American Livestock Show and Rodeo Managers Association Rule Infraction Database, reserves the right to refuse entry of any exhibitor who has been barred from any other show on the basis of unethical practices.

**15. Ownership Requirements:** All animals must be entered in the name of the owner(s) as shown on the Original Registration Certificate. All parties in a multiple ownership must be on the entry form (Open Show only). Firms and partnerships must be in existence at the time of making entry. Custom fitters must be listed on the entry form in the appropriate space.

Animals must be registered in the Herdbook of their Association in the name of the owner(s) no less than thirty days prior to the opening day of the General Livestock Show (Feb 9, 2017) with the exception of the Junior Show. Purchase, delivery, possession and registration must all take place not less than thirty days prior to the opening day of the General Livestock Show with the exception of the Junior Show (See Junior Show rules). Superintendents will check Original Registration Certificates at time of Check-In.

**16. Breeding Animals:** Animals in the breeding classes must be recorded or accepted for record in the Herdbook of their Association. Exhibitor must give the following: (a) owner's name; (b) mailing address; (c) social security number; (d) breed; (e) name; (f) registration number; (g) sex; (h) birthdate; (i) sire name; and (j) dam name of the animal. If any of this information is not given, the entry will not be accepted unless otherwise stated in individual Department Rules.

**17. Barren Animals:** No barren animals are eligible in breeding classes. An affidavit that the animal is a breeder must be available. The San Antonio Stock Show & Rodeo reserves the right to palpate or semen test.

**18. Stalling:** Insofar as possible, shelter will be provided for projects. The Show does not charge a stall fee in barns and **does not guarantee stall space to any entry**. Stalls will be assigned upon arrival at the Salado Creek Property Staging Office, with the exception of Junior Market Goats and Junior Market Lambs. Pre-penning forms are available for Junior Market Goats and Junior Market Lambs. Certain stalling requests in extenuating circumstances may be granted, but no other general stalling requests will be considered. No early arrivals are allowed without permission from Show Management.

**19. Using Animals in Judging Contests:** When an exhibitor is called upon to furnish one or more animals for students to judge in the Dairy or Livestock Judging Contests, he/she is expected to do so. Refusing an animal to be used in this manner, without Show approval, will result in the forfeit of any prizes he/she may win and be banned from further participation in the Show.

**20. Erroneous Entry:** Projects that have been erroneously entered may be transferred to the proper class prior to judging, and upon application to the Superintendent, who will determine the matter. If such classes have been judged they shall not be reopened. No project shall be changed from one class to another after the Check-In unless it is ineligible for the class in which it is entered. In some cases, the project may be disqualified.

**21. Sifting/Classifying Committees:** Breed Associations and/or the San Antonio Stock Show & Rodeo will appoint Sifters and Classifiers to inspect projects. Projects may be reassigned or disqualified based on the decisions of Sifters and Classifiers. Decisions of the Sifters and/or Classifiers will be final and protests will not be considered. Interference with Sifters and/or Classifiers will not be tolerated. Exhibitors and others are requested not to question their decisions, and to do so may disqualify the exhibitor concerned.

**22. Judging:** Exhibitors are responsible for knowing the times at which their projects will be judged. Any project not presented promptly will be ruled ineligible and barred from competition in the class. No complaint or protest on the grounds that the judge overlooked projects will be considered.

**23. Interference:** If any exhibitor, in any way, whether in person or by agent, or servant, interferes with the judges during their adjudication, or shows any disrespect to them or the show, is subject to be penalized. Show Management may demand a proper apology from the exhibitor, may exclude him/her from competition, bar him/her from the grounds, and may also withhold any prizes that may have been awarded.

UPDATED

**24. Restraint / Unruly Animals:** Exhibitor and patron safety are a top priority. Therefore, Show Management or Livestock Committee Leadership/Ring Stewards may remove any unruly animal from the show; there will be no appeal. Cattle must be shown with halter (with the exception of non-haltered Texas Longhorns) and be sufficiently gentle to be properly handled by one attendant on foot. If exhibition of a project poses a danger to the exhibitor and/or other parties, Show Management reserves the right to allow a substitute exhibitor or remove the project from competition.

**25. Show Equipment:** Livestock shows provide an opportunity for the general public to be exposed to agricultural exhibits. Exhibitors should be mindful of the show equipment being used and the manner in which it is being used. Show Management or Livestock Committee Leadership/Ring Stewards reserve the right to decide what constitutes acceptable show equipment and how the equipment is being used by the exhibitor. Cable halters and pronged chains are prohibited for all species.

**26. Release:** No project may be removed from the grounds without official written release. All livestock must remain in stalls or pens until their designated release time. There will be no early release of projects unless the Superintendent says otherwise. Anyone attempting to load projects before their release time may have his truck and/or trailer towed away. No livestock may exit the grounds between 10:00 p.m.-7:00 a.m. Any violation of release times will cause the forfeiture of all premium and/or sale monies earned and the exhibitor may be barred from future participation.

**27. Photographs:** Exhibitors agree to present their project(s) at the request of show officials for official photographs. All photographs taken by the official photographer(s) become the property of the San Antonio Stock Show & Rodeo. Unofficial (i.e. personal) photographs may not be published without written approval of Show Management. Exhibitors wishing to purchase photographs must contact the Official Photographer.

Commercial photography and filming are often conducted at the San Antonio Stock Show & Rodeo. You may be depicted in photographs or video recordings of any San Antonio Stock Show & Rodeo event, and by entering the grounds and/or competitive events associated with the San Antonio Stock Show & Rodeo, you consent to the use of any depictions in connection with advertising, news reporting, public relations, webcasts or other broadcasts, or any other activities relating to the San Antonio Stock Show & Rodeo, and you further release and waive all claims for compensation and any rights of review and approval, copyright, and right of publicity with respect thereto.

**28. Exhibitor Numbers:** Each entry will be assigned a number. If an exhibitor is assigned a back number, this number must be displayed by the exhibitor when project(s) is being judged.

**29. Project Care:** Exhibitors must remain in charge of their project(s) and care for them for the duration of the show at all times. If needed, the exhibitor may have a competent caretaker (must be an immediate family member of the exhibitor, other 4-H/FFA member, or AST/CEA) care for the project(s). However, the exhibitor is the absolute insurer of and is responsible for the condition of their animal/project(s). Show Management reserves the right to decide what constitutes acceptable treatment of animal projects. Unacceptable treatment of animal projects will not be tolerated and could result in immediate disqualification of the exhibitor along with his or her club/chapter.

**30. Project/Animal Care/Security:** All owners or persons in charge of property, or livestock, shall care for, guard, protect, and preserve same, as the San Antonio Stock Show & Rodeo does not undertake to do so, and it shall not be held responsible for any loss, shrinkage, or damage to said property or livestock or the owners or exhibitors thereof. All exhibitors are responsible for security of their own animal/project(s) until they depart for their final destination (processing/ranch/etc.). The exhibitor is the absolute insurer of and is responsible for the condition of their animal/project(s). The San Antonio Stock Show & Rodeo is not responsible for the acts of a third party.

**31. Unethically Fitted Livestock:** The showing of unethically fitted livestock or livestock of an ineligible age for exhibition in the class entered, and the misrepresentation of breeding or milking status, are prohibited.

Unethical fitting means any attempt to alter the natural appearance, conformation, musculature or weight of an animal by any unnatural means, as well as changing the normal conformation of any part of the animal's body or using drugs, medications, chemicals, or other substances (including over-the-counter and extra-label substances and uses), or mechanical devices to alter the physical makeup or performance of the animal. Unethical fitting includes but is not limited to the following:

- i. Animals that are in milk due to an unnaturally induced lactation.
- ii. Balancing the udder by any means other than leaving naturally produced milk in any or all quarters.
- iii. Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant, or other substance to temporarily improve conformation.
- iv. Minimizing the effects of cramping by feeding or injecting drugs and depressants or applying packs or using any artificial contrivance or therapeutic treatment except normal exercise.
- v. Blocking the nerves to prevent limping or switching of the tail.
- vi. Striking the animal to cause swelling in a depressed area.
- vii. Surgery or other practices performed to change the natural contour or appearance of the animal's body, hide, or hair, or feet (this is to include any materials added to the feet of an animal) except the removal of warts or horns and the permitted clipping and dressing of hair and trimming of hooves.
- viii. Insertion of foreign material under the skin.
- ix. Changing the color of hair at any point, spot or area on the animal's body. Any grooming material that allows color to come off from any animal will not be allowed at the show.
- x. The act of artificially filling animals internally, which would include stomach pumping, drench tubes, or any other method per os (by esophagus).
- xi. The use of alcoholic or carbonated beverages in the feed or administered as a drench.
- xii. The use of diuretics.
- xiii. Administration of an illegal, unapproved, or performance enhancing drug internally or externally.

**31a. Verification:** The exhibitor specifically represents that no animal entered by him/her is unethically fitted, and that the breeding, age, and milking status are correctly stated. All Junior Market and Junior Breeding Animals will be required to have signatures on each entry certification stating that the animal was not unethically fitted. These forms must be signed by all of the following:

- a. **Junior Exhibitor**
- b. **Parent or Guardian**
- c. **Agricultural Science Teacher (AST) or County Extension Agent (CEA)**

**31b. Medication received prior to the show:** Those animals that have consumed or been given, even under the care of a licensed veterinarian, any type of performance enhancing medication, drug, chemical, or substance, including but not limited to steroids, diuretics, anti-inflammatories, tranquilizers and pain killers, **are ineligible for competition. Exhibitors with questions regarding medications or eligibility should consult with the Official San Antonio Stock Show & Rodeo Veterinarian prior to competition.** In instances where an animal has been administered a drug that is FDA-approved for its species, the exhibitor must be aware that the time it takes for all drug residue to completely clear the system **is generally longer than the labeled withdrawal time** for most drugs and varies from animal to animal. Adequate time must have passed so that an exhibitor's animal does not test positive for drugs upon arrival. Once the animals arrive on the S.A.L.E. grounds, they must remain free and clear of all residues of medications, drugs, chemicals, and other substances.

**31c. Medication during the Show:** The Official Show Veterinarian Office is located at the North end of Animal Adventures/Cattle Barn #2. For the convenience of exhibitors, the San Antonio Stock Show & Rodeo arranges to have veterinarians available; however, they do not donate their services or medications. Fees should be discussed before treatment. **All medication and treatment administered during the livestock show must be administered by the Official San Antonio Stock Show & Rodeo Veterinarian** and a written medication record must be filed. Animals receiving performance enhancing drugs (including, but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers) in this manner are ineligible for competition. The Official Show Veterinarian is authorized to remove any animal from competition if the health, safety, or welfare of the animal is in question.

**31d. Drug:** The term "drug" shall mean any substance the sale, possession, or use of which is regulated by federal, state, or local law or regulation, as well as any substance used by the medical or veterinary professions that affects the circulatory, respiratory, muscular, skeletal or central nervous system of any species of livestock. If drugs are used by the Official Show Veterinarian to treat a recognized disease in market animals, the withdrawal times listed by the drug manufacturer will be strictly followed.

**31e. Inspection/Testing:**

The opportunity to enter 4-H Club and FFA members' projects in the Junior Livestock Show is made available only to ASTs and CEAs supervising these Junior Show projects. - 12. Ineligible Exhibitor:** A Junior exhibitor who has placed a Grand Champion Pen of Commercial Steers, Market Steer, Market Lamb, Market Barrow, Market Goat, Market Turkey (Hen or Tom), or Market Broiler at any prior San Antonio Stock Show & Rodeo is not eligible to enter the department in which that Grand Champion was selected.
- 13. Double / Triple Entries:** Animals shown in the Junior Show may also be shown in the Open Show if classes are available. See instructions in the Special Rules of each department.
- 14. Exhibitor Substitution:** Entries in the Junior Show must be shown by their owner. Exhibitor substitutions may be allowed under the following conditions. In all cases, the Department Superintendent must approve the exhibitor substitution and will do so only if all conditions are met.

Substitute exhibitors may show only one project (except in departments which exhibitor may enter more than one project), in addition to their own project, in each Junior Department. Substitute exhibitors must be entered and exhibiting their own project in the respective department in which they are serving as a substitute. An exhibitor of a past grand champion in a respective junior market animal department is not eligible to serve as a substitute exhibitor within that department.

***Substitution A - Other School Activity:*** This request must be made on the Official San Antonio Stock Show & Rodeo Exhibitor Substitution Form provided by Show Management. This request must be accompanied by a statement, signed by a School Administrator, on school letterhead stating the specific reason a substitute is requested. The completed Official San Antonio Stock Show & Rodeo Exhibitor Substitution Form and the statement must be submitted to the Department Superintendent prior to the start of the respective Show. Attending school does not constitute as an Other School Activity. Examples of Other School Activities are UIL events, school sports, or similar events.

***Substitution B - Sickness:*** This request must be made on the Official San Antonio Stock Show & Rodeo Exhibitor Substitution Form provided by Show Management. This request must be accompanied by a statement, signed by a Physician, on his/her letterhead. ***Substitution C - More Than One Entry In A Class or the Exhibitor Has Entries In More Than One Department Showing At The Same Time:*** This request must be made on the Official San Antonio Stock Show & Rodeo Exhibitor Substitution Form provided by Show Management. The completed Official San Antonio Stock Show & Rodeo Exhibitor Substitution Form must be submitted to the Department Superintendent prior to the start of the respective Show.

In any of the three situations listed above, or in the case of an emergency, the Department Superintendent may use his/her own discretion as to whether a substitute showman will be allowed. If a positive decision is rendered, the substitute must be from the same school, FFA Chapter, or 4-H Club as the original exhibitor with the following two exceptions:

- i. The original exhibitor is the only exhibitor from that school, FFA Chapter, or 4-H Club entered in that Department.
- ii. All other members from that school, FFA Chapter, or 4-H Club are exhibiting at the same time.

In either case, any junior exhibitor, who is entered and exhibiting in the respective department, meeting the approval of the Department Superintendent may exhibit the animal.

- 15. Fitting:** The exhibitor is expected to feed, care for, and exhibit their animal/project while at the San Antonio Stock Show & Rodeo. If needed, the exhibitor may have the assistance of the exhibitors' immediate family, AST, CEA, or other 4-H or FFA members. Any project fed or cared for by a custom fitter is not eligible. A custom fitter is considered anyone who is not an immediate family member, AST, CEA, or another 4-H or FFA member. Violators of this rule may be barred from future participation.
- 16. Project Care:** Exhibitors must remain in charge of their project(s) and care for them for the duration of the show at all times. If needed, the exhibitor may have a competent caretaker (must be an immediate family member of the exhibitor, other 4-H/FFA member, or AST/CEA) care for the project(s). However, the exhibitor is the absolute insurer of and is responsible for the condition of their animal/project(s). Show Management reserves the right to decide what constitutes acceptable treatment of animal projects. Unacceptable treatment of animal projects will not be tolerated and could result in immediate disqualification of the exhibitor along with his/her club/chapter.
- 17. Junior Auction Animals:** All placing Market Barrows, Market Broilers, Market Goats, Market Turkey Hens, Market Lambs, and Market Steers must be sold through the Junior Livestock Auction. Animals sold in the Junior Livestock Auction must remain under the exhibitor's care and at his/her expense for the duration of the Show, and be displayed under the direction of the Show. The Junior Livestock Auction is limited to placing animals. Decoration of market animals for the Junior Livestock Auction is prohibited; animals must be presented for Auction in their natural show state (i.e. no glitter, paint, balloons, etc. allowed).
- 18. Junior Livestock Auction Exhibitors:** Exhibitors with projects eligible for the Junior Livestock Auction need to be aware that auction procedures may dictate that an exhibitor is required to walk a designated project across the auction block in place of their own project, or the exhibitor may be required to walk across the auction block without a project. The exhibitor must present his/her project for the Auction or the project will be sold as a no-place. Exhibitors who are unable to attend the Junior Livestock Auction may request a substitution. This request must be made on the Official San Antonio Stock Show & Rodeo Auction Exhibitor Substitution Form provided by Show Management. Auction Exhibitor Substitutions must be approved by Show Management.

Projects that weigh less than the designated allowance within the specific department may be documented, sold on the re-weigh weight, and the exhibitor will be administered at \$20 office handling fee which will be deducted from their floor check. Checks will be mailed directly from the Commission Company for projects that do not qualify for the Junior Livestock Auction. If applicable, premium monies for class placing will be distributed by the San Antonio Stock Show & Rodeo and mailed to the 4-H or FFA address. Auction sale checks will be issued by the San Antonio Stock Show & Rodeo Junior Livestock Auction and may be mailed separate from premium checks or commission checks (floor) to the 4-H or FFA address.

#### **Market Animal Disposition**

The San Antonio Stock Show & Rodeo strives to ensure a fair price for market animal projects. Market conditions may dictate the sale of market animals be conducted through local terminal markets (i.e. sale barns, etc.). The San Antonio Stock Show & Rodeo reserves the right to charge the exhibitor freight, yardage, and any and all marketing fees applicable to the sale of each animal. Animals should be in accordance with all representations throughout the validation/ownership period. Any animal deemed unmerchantable due to lameness, illness, blindness, etc. will receive no value.

- 21. Animal Load-Out:** It is the responsibility of each exhibitor to deliver his/her animal to the designated load out area and that all documentation has been appropriately filed and completed.

## ANIMAL HEALTH REQUIREMENTS

San Antonio Livestock Exposition, Inc. (SALE) officials are allowed to impose animal health regulations that are more restrictive than those imposed by the Texas Animal Health Commission (TAHC). Specific TAHC regulations will supersede the SALE requirements if there is a dispute between the two in which S.A.L.E. rules are less restrictive than TAHC regulations. The following summary is a condensed version of the Texas Animal Health Commission regulations. Please contact the Texas Animal Health Commission at 1-800-550-8242 or visit their website, at <http://www.tahc.texas.gov/regs/entry.html>

SALE considers itself an **interstate** (accepting entries of livestock and poultry from within Texas and from other states) show for livestock entries. Due to animals from other states being present on the grounds, regulations concerning **interstate** shows must be followed. Exhibitors with livestock originating outside the State of Texas are encouraged to contact their state Animal Health officials to confirm specific requirements, if any, their state may impose on animals returning from a Texas show.

**Certificate of Veterinary Inspection** (i.e. CVI, Health Certificate, Health Paper) must indicate that the accredited veterinarian found the animals or fowl to be free of symptoms or evidence of communicable disease and that all tests, immunizations or treatments required by the Texas Animal Health Commission were completed. The certificate is required to accompany animals and fowl entering the State of Texas as stated in the following summary of entry requirements. *This certificate may include certain required blood tests and identification markers. Please be sure that the veterinarian is comfortable with the requirements required of the TAHC. The SALE Show Veterinarian, Dr. Ben Espy, may be contacted at 210-861-4765 should there be any questions.*

**Prior Entry Permits** are required as noted for specific classes of livestock. Permits may be obtained by calling (800) 550-8242 or (512) 719-0777, 24 hours a day, or by writing the Texas Animal Health Commission, 2105 Kramer Lane, P. O. Box 12966, Austin, Texas 78711-2966.

### **CERTIFICATES OF VETERINARY INSPECTION WILL BE CHECKED AT THE SALADO CREEK PROPERTY STAGING AREA.**

Texas Animal Health Requirements are subject to change; the following are requirements posted as of October 1, 2016.

S.A.L.E., along with the Texas Animal Health Commission, is committed to protecting animal health in Texas. Accordingly, S.A.L.E. fosters the animal health requirements set forth by the state of Texas. Due to the nature of regulations set forth by the Texas Animal Health Commission, and unknown requirements after the posting of S.A.L.E.'s Premium List; S.A.L.E. encourages exhibitors to contact their state Animal Health officials to confirm specific requirements as late as January 1, 2017.

The American Brahman Breeders Association  
3003 South Loop West, Suite 520, Houston, TX 77054; (713) 349-0854

### SPECIAL RULES

1. Animals must be registered in the American Brahman Breeders Association (ABBA) to be eligible to compete in association sponsored shows. The registration certificates for each entry must be available for presentation to the superintendent or manager of the show at the time entries are verified prior to judging.
2. The registration number and animal identification number (number branded on animal) of (1) each animal must be entered in an individual class; (2) the sire of each get-of-sire entry; and (3) the dam of each produce-of-dam entry must be listed on the entry form of each animal entered.
3. Entries that have not complied with rules one and two will not be eligible to show, receive premium monies or earn points in the association's Register of Renown.
4. Animals to be eligible to be shown in group classes must be entered and shown in individual classes.
5. Entries will be listed numerically according to age (oldest first) in catalogs and judging schedules. Include animal identification number (number brand) as a part of identification. When entering the arena for judging, the handlers will lineup cattle numerically in the same order.
6. Judges will be allowed to comment on placings in selected classes when conditions permit.
7. Each animal will be presented in the showring in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical or circulatory constriction including banding or other appearance change, save only branding, tattooing, foot trimming or dehorning. Injections of foreign substances internally for cosmetic purposes, steroids, growth hormones or stimulants shall be prohibited. If to the satisfaction of the ABBA staff, officers, executive committee or board of directors and animal that has had its natural conformation or structure altered or been administered steroids, growth hormones or stimulants; then the said animal shall be ruled ineligible to compete until such time the Show Committee and owner/owners have reviewed the case. Any violators, both owner & fitter will be ineligible to exhibit cattle at ABBA Approved Shows for 5 years.
8. If any exhibitor/owner/showman interferes in any way with the judge or shows disrespect to him, or to the show in the ring, the exhibitor/owner/showman may be dismissed by the judge or show management from the ring. The management may withhold from each exhibitor/owner/showman any premium monies that may have been awarded or take other steps deemed desirable.
9. In cases where families, companies, corporations, etc., are operated as a unit under the same management but have cattle also registered in the name of the individual partners, said cattle, even though bearing a different ownership brand, are eligible to be shown in competition under the firm name provided they have not been and will not be shown in the name of the individuals.
10. For females being shown in the three oldest classes (females calved Jan. 1 - Dec. 31, 2014 for Spring Shows), exhibitor must have a certificate of pregnancy issued by a licensed veterinarian to be presented to show officials at time of check-in or registration paper check. The show reserves the right to perform pregnancy determination by palpation for females in the above classes at any given ABBA approved show if an official protest has been filed. Females exhibited in the last class at the Spring Shows MUST have a calf at side. For Fall Shows the last class of females is required to have a calf at side also. The only exemption from this rule will be cows that have already weaned a calf and a registration certificate of the calf MUST be presented to the judge.
11. All bulls will be shown with a nose ring or nose restraint with lead attached. For bulls being shown in the oldest class, the exhibitor must have a certificate issued by a licensed veterinarian stating the bull has produced viable semen. The certificate must be available for inspection by the judge on request.

12. Embryo Produce-of-Dam: Two animals from the above classes produced by one dam by embryo transfer either or both sexes may be represented. No ownership requirement.  
Natural Produce-of-Dam: Two natural born animals produced by one dam from the above classes, either or both sexes may be represented. No ownership requirement.  
Get-of-Sire: Four animals from at least two dams by one sire from the above individual classes, both sexes represented. No ownership requirement.
13. No exhibitor shall be permitted to show more than one produce or embryo produce-of-dam per dam.
14. Cows that are exhibited with calves at side must be in a lactating stage. Calves must be shown and exhibited with their dams and said calves must not exceed 240 days of age on day of judging. The judge will be made aware by the ring steward for those cows whose calves are ineligible to show by this rule.
15. Cattle will not be allowed to show if their switches have been balled or glitter applied to their skin.
16. The intent of the ABBA in shows that exhibit a large number of cattle is to divide the cattle into separate red and grey divisions. If so the following procedure will apply. All grey cattle and solid black cattle will show grey. Red, black and white speckled or red and white speckled cattle will show red. Cattle with questionable colored pigmentation may be entered in the color division the breeder selects, however, said cattle are subject to inspection by a three (3) member ABBA Color committee. If the Color Committee disagrees with the breeder, the pedigree, features and color of said animal will then be used to aid in the final determination. In those cases where questionable colored cattle possess both red and grey breeding, then the committee will make the final determination. The decision of the committee is final. Once animals have been classified they will be stamped with their color classification and remain in that classification throughout their show career. Color Classifications will only be done by the Color Committee at the International, National & All American Shows. Any animal that is color classified and is shown at an ABBA Approved Show in another color classification will be ineligible to show their remaining career. Both the exhibitor and owner of the animal that is shown in the wrong color division will be ineligible to show animals for 13 months following the infraction.  
In the get-of-sire and produce-of-dam classes, breeders will not be allowed to show cattle of mixed color. They will be entered as to the color division they are assigned by the Brahman Color Committee for the show. At split shows where the Color Committee is not present, a staff member with two (2) ABBA directors will clarify questionable colored cattle for that particular show. The final classification will be done by the Color Committee.
17. The owner of record of any registered animal entered in an ABBA approved show and/or his/her agent, exhibitor, fitter, handler and/or representative releases ABBA and its representatives from any and all liability that seller/owner might claim as a result of injury of any kind sustained before, during, or after handling cattle for any ABBA board approved activity.
18. For shows to remain approved, point shows by ABBA, they must maintain a 20 head average for the previous two years.
19. ALL Animals MUST have a Birth Weight submitted to be eligible to show in ABBA Approved Shows
20. The official ABBA rules & procedures governing showing & exhibiting of registered Brahman cattle supersede any rules printed in any show catalog.
21. In an attempt to insure that all animals receive an equal evaluation at the National and International Shows, classes with more than 30 entries may at the discretion of the Show Management and/or ABBA Officials be split by age as evenly as possible.
22. Any animal that exceeds the weight & measurement requirements at the International Brahman Show, National Brahman Show, All American National Junior Show or any other designated show where weights & measurements are taken will be ineligible to show at any future ABBA Approved Shows until they reach the Junior Division. Any animal that exceeds the parameters and is shown at an ABBA Approved Show before reaching the Junior Division will be in-eligible to show their remaining career. Both the exhibitor and owner of the previously disqualified animal that is shown before reaching the Junior Division will be in-eligible to show animals for 13 months following the infraction.
23. ABBA Members may remit a protest to the ABBA if they find another participants conduct to be in violation of the ABBA Show Rules. All protests must be in writing and must be signed by a member of the ABBA. Such protests must state plainly the cause of complaint or appeal and must be delivered to an ABBA Staff Person, ABBA Officer, ABBA Show Committee Chairman or Show Official within 72 hours of the infraction. Depending on the basis of the protest, a decision may be withheld until a complete investigation is done.

### SPECIAL RULES

1. Owner of record on all animals entered in an IBBA National or Regional point show must be active members of the IBBA in good standing.
2. Animals must be registered in the International Brangus Breeders Association (IBBA) to be eligible to compete in an IBBA-sponsored show. The registration certificate (or photocopy) for each entry must be available for presentation to the Superintendent or show manager at the time entry is verified prior to judging.
3. Animals recorded in the IBBA Appendix, Ultrablack, or Ultrared registries are ineligible to show.
4. The registration number, permanent animal identification number (brand or tattoo), birth date and sire of each animal entered in an individual class must be listed on the entry form.
5. Any Brangus animal recorded in the IBBA registry that has a "Parentage Dispute" listed in its first three-generation pedigree is ineligible for participation in Brangus shows and exhibitions. If the dispute is resolved, the listing will be removed from the pedigree and show eligibility will be restored.
6. The IBBA, and its representatives, have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to, and cover the enforcement of, all show rules as adopted by the IBBA.
7. NEW – All Division and Reserve Division Champions, as well as randomly selected animals, at all IBBA National point shows will have tail hair collected to PARENT VERIFY the animal. Parent verification requires a DNA profile on both the sire and dam of the animal. Should the sire or dam not currently have a DNA profile on file with IBBA, a certified letter will be sent out to the exhibitor as well as the owner of record for the respective parent. Exhibitor/Owner of Record will be given 30 days to return a tail hair sample to IBBA for DNA analysis. Failure to submit a requested sample within 60 days of show or failure to complete the parent verification process within 90 days of show WILL result in the animal being ineligible to show in all future shows and will result in forfeiture of all accumulated show animal of the year points. Should an animal be parentage verified at a later date, show eligibility and accumulated show animal of the year points will be restored.
8. Prior to check-in, heads of breeding animals must be clipped of all hair (including topknots) and be free of scurs and/or slick spots.
9. UPDATED - Any animal found to have scurs and/or slick spots, or evidence of incisions, surgical or otherwise, in the following areas: head, testicles, sheath, navel or dewlap; including scars from caesarean sections, will be disqualified from showing. Animals with illegal white (white in front of the navel) or any indication of brindling (a color pattern characterized by red streaks mingled with black) are ineligible for show. Any animal upon check in which does not have a legible tattoo or brand corresponding to its registration certificate is ineligible to show. Once disqualified due to incorrect or illegible tattoo/brand, animals cannot be re-tattooed and rechecked at show. The brand/tattoo can be corrected and rechecked at the next available show.
10. In IBBA sanctioned shows, no animal may be shown that has been artificially filled with any amount of liquid at any time once the animal enters the grounds of a show. The fitter or ranch entity involved with an animal being artificially filled will be banned from the show ring for one year and the animal will be disqualified from exhibition at that particular show. The official show veterinarian may administer liquids orally, if so needed without disqualifying animal(s) from exhibition.
11. No animal may be shown that has had any foreign objects glued to or otherwise attached in a manner so as to alter its conformation or change its appearance. Animals unethically fitted to alter the conformation or appearance of the animal will be disqualified. Tail ties and hair nets used on the tail and switch are the only exceptions.

12. Paint or coloring agents of any kind are not to be used on any animal exhibited at IBBA sponsored shows. The use of aerosol products of any kind will not be permitted in the line-up area for the show. Animals will be towed in the line-up area prior to entering the show ring. Animals found in violation of these policies will be disqualified from showing.
13. All Brangus bulls 15 months of age or older that are exhibited at IBBA sponsored shows must have passed a fertility examination given by a licensed veterinarian to be eligible to show. The results of the examination must be available at check-in. Once a bull has a positive examination, retesting is not required.
14. NEW - All bulls (shown as an individual entry) must be shown with a nose ring or nose restraint with lead attached.
15. NEW - Weights and scrotal measurements will be taken at check-in at all four of the IBBA National Shows. Any bull can be weighed before they enter the show ring and cannot have more than a 7.5% gain. Anyone may protest a bull's gain and cause them to be weighed by submitting a written protest to the ethics committee prior to the start of the bull show.
16. All females 20 months of age or older exhibited at IBBA sanctioned shows, must have available at the time of check-in, a certificate of pregnancy issued by an accredited, non-owner veterinarian, or blood test results certificate. If the female is open due to being in an embryo transfer program, this fact must be verified in a written statement by a non-owner embryologist. If verification cannot be produced, the female may be allowed to participate if the exhibitor can produce a qualified veterinarian to examine the female at the show site and verify pregnancy.
17. All calves exhibited at the side of a Brangus female must be registered with the IBBA and meet all rules required for show eligibility and inspections of exhibits.
18. Animals eligible to be shown in group classes must be entered and shown in respective individual classes. Cows exhibited in the cow/calf classes are not eligible for the group classes.
19. Entries that have not complied with all of the above rules will not be eligible to show, to receive premium monies, or earn points in the IBBA's Show Sire of the Year, Show Dam of the Year, Show Bull of the Year, and Show Heifer of the Year awards.
20. All IBBA and IJBBA members will abide by the show rules as adopted. In addition, any show, fair, event or display in which Brangus cattle participate should follow these rules as adopted by IBBA. All Brangus entries are subject to the provision of a rule of the IBBA entitled "Inspection of Exhibits".

#### INSPECTION OF EXHIBITS

1. The IBBA and its representative have the authority to require such tests as they deem necessary to verify the accuracy of the classification and pedigree of exhibited Brangus animals. Said authority shall extend to and cover the enforcement of all show rules as adopted by IBBA.
2. Each exhibitor shall submit his or her registered Brangus cattle to such tests and examinations as requested and/or required by the IBBA, its authorized representatives, or those of the relevant show.
3. For and in consideration of the opportunity to participate in any Brangus function each exhibitor hereby releases the Association, its officers, directors and representatives from negligence, any and all claims, suits, and judgments past, present, or future, arising from or connected with the administration or use of such test or examination and the resulting decision therefrom.
4. Dental Inspection: All entries may be classified for judging on an age basis and should be entered in class according to age. Teeth may be inspected by a veterinarian designated by the I.B.B.A. in order to determine whether dental development is within allowable limits for the class so entered. If the veterinarian determines that in his opinion dental development exceeds maximum allowable limits, the animal shall be moved to an older class as determined by the veterinarian and shall remain in that class until determined otherwise by subsequent mouthing or favorable appeal to the Executive Committee. If it is not possible to move an animal, the animal may not be exhibited in such show.
5. Any exhibitor desiring to dispute or challenge the results of any such test, exam, or show rule enforcement, as applied to his animals, shall do so in accordance with procedures established by the rules of the IBBA.
6. Appeal: An appeal from the decision of the veterinarian or designated association representatives designated by the I.B.B.A. under sections 2 and 6 of the Inspection of Exhibits may be made to the Executive Committee of the IBBA if the following requirements are satisfied: 1) the appeal is in writing and is signed by the appealing party; and 2) the appealing party files the written appeal with the IBBA Executive Committee as soon as possible after the veterinarian's or designated association representative's decision is rendered and in any event within six (6) hours of the time the veterinarian's or designated association representative's decision was made. If an appeal satisfying the foregoing requirements is filed with the IBBA Executive Committee, the Executive Committee shall hold a hearing at which the appealing party and the veterinarian or designated association representatives whose decision is being appealed shall present statements and other evidence that are relevant to the matter, following which the Executive Committee shall render a decision which shall be final and conclusive.

#### NEW - IBBA DNA TYPING FOR PARENTAGE VERIFICATION

Each Brangus animal for which an entry application or registration is received may be subjected to a DNA genotyping test in order to verify accuracy of parentage, according to Rules 5, 6, and 7 of the International Brangus Breeders Association (IBBA) Show Eligibility and Inspection of Exhibits. At selected shows and fairs, tail hair samples will be taken from all division champions and reserve division champions, as well as additional random animals, for the purpose of verifying parentage. Staff or a representative of IBBA will supervise the collection of tail hair samples, which can be taken at shows, fairs, and events where IBBA contributes premium money or where IBBA staff personnel participate. If a recorded parent is excluded (as a parent) as a result of DNA analysis, the owner of the animal may request, at his or her own expense, further determination of the actual parent. Failure to determine the sire and dam will result in the animal being listed in the IBBA Registry as a "Parentage Dispute," and the animal will be ineligible for future shows and exhibitions.

#### RULES VIOLATION POLICY

1. A show rules violation to be a valid complaint must be accompanied by a written statement describing the violation, the perpetrator of the violation, and signed by an active member of the IBBA. This written complaint will be presented to an Ethics Committee consisting of the Chairman, Vice-Chairman, Executive Committee Liaison, and an appointed member. All four people will be current members of the show committee. A minimum of two of these members must be present at the Show where the rule violation occurs. The Chairman shall appoint other members of the Show Committee to ensure a minimum of two on this committee at each IBBA approved show.
2. The Committee shall rule on the validity of the rule violation. The committee shall visit with the perpetrator, present the written complaint, and make a ruling on the complaint if valid.
3. The perpetrator is entitled to appeal any decision made by the Ethics Show Committee to the Executive Committee of the IBBA but the Executive Committee has the right to disqualify the perpetrator from the IBBA approved show after hearing an appeal. The Executive Committee's decision will be final.
4. Without the Executive Committee's decision, the perpetrator cannot be disqualified from this particular IBBA approved show. However, the animal can be disqualified by the Ethics Committee if the rule violation is deemed valid.
5. For and in consideration of the opportunity to participate in any Brangus function, each exhibitor hereby releases the Association, its officers, directors and representatives from negligence, any and all claims, suits, and judgments past, present, or future, arising from or connected with this policy and the resulting decision there from.
